

Radio Mercury Student Script Entry  
Wear a Mask PSA

:30 Radio Spot  
“Face Sign”

**Burly Male Voice:** Calling all free-thinkers: do you think this “wear a mask” nonsense is part of a political agenda? So do I. That’s why I protest wearing a mask with my new face sign. It hooks over my ears and lays on top of my mouth and nose so everyone can see the words “masks are stupid” - *bam* - right away. I wear it everywhere — the grocery store, the drug store, when I’m walking the dog... it’s great. So if you think masks are stupid, join the resistance. Make your own face sign and wear it wherever you go so people can see that we mean business.
