Male VO (serious, deep bass, very similiar to movie trailer narrators. Narration is parodying movie trailers):

He was just an ordinary man. Living an ordinary life.
Until one day his life changed completely.

Audio Clipping of news reporters:

...We are now in a Pandemic...Cases of COVID 19 rising rapidly everyday.

Male Trailer VO continues, with action movie music and taking short pauses:

The fate of the world
rests on his shoulders.

One man,
will have to take responsibility
to protect everyone he cares about,
and even those he doesn't.

This summer

Coming near you

Probably not in Cinemas but everywhere else

A superhero story unlike any other

"The ones who wear masks"

The true story of how one person can do his part
in saving the world

Not al Superheroes wear masks, but all heroes do.
